

## ARREST

### Follows Confession of Banker Bigelow

Admits He is Defaulter  
in Sum of \$1,450,000

### ON WRONG SIDE OF MARKET

Milwaukee Bank President  
Dabbled In Grain and  
Stocks—Run Made  
On the Bank.

Milwaukee, Wis., April 25.—Five thousand persons lined the street in front of the First National bank at 10 o'clock this morning when the doors opened for business. Several squads of police had all they could do to keep the men and women in line. The run on the bank—the institution from which former President Frank G. Bigelow confesses to have misapplied \$1,500,000, as telegraphed the Advocate yesterday, and for which he was arrested—was anticipated. When it will end is conjectural. One million dollars from Chicago banks and the same amount from local banks poured into the coffers of the First National today.

Of the 5,000 people on hand, many who remained in front of the bank all night, 1000 according to officials went to the bank. The other 4,000 lined up four deep sought entrance to the Savings Deposit department of the First National 50 yards from the bank building proper.

It is in the savings deposit department that the rush is the greatest. With extra care in the department nature never made hands fast enough to pay in one day the great throng that awaits entrance to secure its money.

Frank G. Bigelow did not come to the bank today but remained at home with his family. The United States district attorney and the county district attorney held several conferences but refused to talk of the subject discussed. Frank Bigelow will probably appear before the federal grand jury on May 19 when that body convenes here. Assistant Cashier Henry C. Goll, it is reported, has been arrested in Chicago.

## CLEARING HOUSE

Held Meeting This Morning and De-  
cided to Furnish Support to First  
National.

Milwaukee, April 25.—Up to 11 o'clock today \$130,000 had been withdrawn and \$600,000 deposited in the First National. The clearing house association held a meeting and agreed to furnish support. The crowds had dwindled some in size due to the elimination by the police of a great many spectators from the lines in front of the bank. While the air of conservative relief is apparent, yet the undercurrent of apprehension is quite strong. At the other banks there is no very great evidence of a serious run.

The Trust company which is controlled practically by same directorate as the First National is getting the brunt of the onslaught but is meeting all comers. The crowd cannot easily get at the windows and the service is slow. It was rumored that the Trust company would demand 30 days notice for withdrawal as the law provides, but the officials stated that this was false. The rumor increased the line only for a short time.

## ONLY FAINT IDEA

How Bigelow Managed to Get So Great  
a Sum Out of the Milwaukee  
Bank.

Milwaukee, April 25.—The officers of the bank have a nebulous idea only of how the alleged stealing was done. Bigelow in the little that he has said speaks of falsifying the books, but only in general terms. The connivance of two book-keepers was necessary. They made false entries amounting to many hundreds of thousands of dollars on the orders of Assistant Cash-

## BANK PRESIDENT DEFAULTER.

FRANK G. BIGELOW,

President of the First National Bank of Milwaukee, who confesses that he lost \$1,450,000 of the bank's funds in speculation. He was arrested last night. A tremendous run has been kept up today on the Milwaukee bank.

## FEW FINANCIAL WRECKS

Have Been Larger But Nearly All Have Been More Dis-  
astrous—Some of the Big Defalcations of  
the Country Recalled By  
This Incident.

Milwaukee, Wis., April 25.—Many financial wrecks, few of them larger but nearly all more disastrous than the present shortage of Frank G. Bigelow—mark the history of American finance.

One of the earliest of the great crimes in which financiers played the main part was the embezzlement in 1884 of Ferdinand Ward, the Napoleon of finance, of the firm of Grant & Ward.

Ward using the name of General Ulysses S. Grant, as a bait, secured about \$14,000,000 for investments during his meteoric career and when the bubble burst there were over \$6,000,000 liabilities and no assets. Ward was sent to Sing Sing for ten years. Within a few days of the Grant & Ward collapse John C. Eno, president of the Second National bank of New York, disappeared and a shortage of \$3,000,000 was found in his accounts. The indictments were afterwards quashed.

William Schreiber, a clerk for the Elizabethport, N. J., banking company, stole \$109,000 by a system the bank officials are still trying to find out.

Another Napoleon who met his Waterloo was George W. Valentine, cashier of the Middlesex County bank of Perth Amboy, N. J. He lost \$220,000 in about a year and hid the robbery by false entries. He then went to Trenton prison for six years.

Gideon W. Marsh, president of the Keystone National bank of Philadelphia, Pa., wrecked the bank and caused the downfall of city treasurer John Barsley in May, 1891. Barsley lost \$500,000 of the city's money and Marsh made away with \$1,000,000. Marsh was sent to prison.

Charles I. Debaum, assistant cashier of the National Park bank of New

York, stole \$100,000 in 1891. He was captured and sent to Kings county penitentiary for five years.

Chas. W. Spaulding wrecked the Globe Savings bank of Chicago in May, 1897 and many failures followed as a consequence among other banks and business houses. The amount of the embezzlements by Spaulding who had posed as a religious enthusiast were: From the Globe Savings bank, \$500,000; University of Illinois, \$400,000; trust funds, from widows and others \$300,000.

The firm of E. S. Dreyer & Co., of Chicago, failed in December, 1896, after a business career of twenty years. This led to the discovery that E. S. Dreyer had embezzled from the West Park board the sum of \$316,000. Dreyer was convicted on his trial and sent to prison.

Charles H. Cole of the Boston Globe bank disappeared in 1890 with \$900,000. He was found in California.

Charles L. Alvord, note teller of the First National bank of New York took \$700,000 of the bank's funds. His trouble was rapid living and much gambling.

The German National bank of New-  
York, Ky., lost its book-keeper, Frank  
M. Brown, when he disappeared in  
1900 with \$200,000. Horse races tempt-  
ed him.

Henry J. Fleischman was the cash-  
ier of the Farmers' and Merchants'  
bank of Los Angeles, Cal. In 1901 he  
disappeared with more than \$100,000.  
Frank C. Andrews, financier plung-  
er, and at last bank wreck came upon  
the scene in 1902. He was vice pres-  
ident of the City Savings bank of De-  
troit and police commissioner of the  
city. He was arrested for taking near-  
ly \$1,000,000, for which he gave no se-  
curity. His money went to feed the  
speculative markets.

After a brief investigation Chief  
Sheridan ordered the arrest of Friener  
and the police department set out to  
locate the man. He was found at his  
home in the South End and was ar-  
rested by Captain Bell. Officers Hager,  
McClure and Jamison.

In police court Tuesday morning the  
man was charged in an affidavit with  
shooting with intent to kill. He retain-  
ed R. G. Smythe as his attorney and  
the man entered a plea of not guilty to  
the charge. The hearing was set for  
Wednesday morning at 9 o'clock be-  
fore Mayor Cullen. The accused man is  
only about 26 years old. He was em-  
ployed as a driver for the mail wagon  
between the police office and the two de-  
pots. At the time of the shooting,  
Friener was not on duty, there being  
no trains due at that time. The young  
man was interviewed at the city prison  
by a reporter for the Advocate. He  
stated that he was walking with the  
young woman mentioned above, when  
some one threw a stone or a brick at  
him. He turned and noticed that three  
men followed him, and he warned them  
to stop throwing at him.

Young Friener has borne a good rep-  
utation. He claims that he was approach-

### President Kills Bear.

New Castle, Colo., April 25.—Spot,  
a favorite of the President, and guide  
Goff's premier bear dog, was slain  
Monday. He tackled a bear weighing  
300 pounds. President Roosevelt im-  
mediately killed the bear. The Pres-  
ident is in good health.

## SHOOTING

In "Red Light" District  
Last Night

Thos. Osborn Seriously  
Injured By Bullet

### HENRY FRIENER IS ARRESTED

Accused Gives Version of  
Trouble --- Bullet In  
Abdomen Not  
Found.

As a result of a shooting affray in the  
Red Light district Monday night, Thos.  
Osborn a young man residing on North  
Fourth street, is at the city hospital  
in a serious condition from a gun shot  
wound in the abdomen, and Henry  
Friener, who lives in the South End,  
is at the county jail with a charge of  
shooting with intent to kill placed  
against his name on the prison re-  
cords.

The entire affair has as its primary  
cause, a woman. The story related to  
the police is that Osborn was in com-  
pany with a young woman from Wal-  
nut street during the afternoon and  
that later in the evening Friener met  
the same girl and was walking on the  
street with her. Here the stories con-  
flict, but it seems that Friener and the  
woman were followed by Osborn, Otis  
Smith and Osborn's brother, Henry.

To a reporter for the Advocate, Henry  
Osborn, a brother, stated that the  
trio were walking along Walnut street  
with no thought of any one, but noticed  
a couple in front. At a point in front  
of 145 Walnut street, the young man in  
front turned and accused one of the  
three men behind of throwing stones at  
him. This was denied by the Os-  
born brother and Smith, whereupon  
it is alleged that Friener drew a gun  
and fired three times. One of the  
shots took effect in Osborn's abdomen.

The brother assisted the wounded  
man to a nearby saloon and asked for  
permission to telephone for a doctor  
and the ambulance, but this was refus-  
ed, as the saloonist did not want any  
of the excitement around his place.

He was then carried to 145 Walnut  
street, where Dowers and Criss Broth-  
ers' ambulance was called. The police  
were also soon on the scene and an in-  
vestigation was started at once.

Osborn was taken to his home un-  
der the care of Dr. Warden, but it was  
soon discovered that the wound was a  
serious one and the same ambulance  
removed the injured man to the city  
hospital. There Drs. Warden, Knauss  
and Evans performed an operation to  
recover, if possible, the bullet.

Chief of Police Sheridan and Cap-  
tain Robert Bell and a detail of police  
took up the case and arrested the in-  
mates of the house where the woman,  
who was with Friener when the scrape  
occurred, lives. Several persons, who,  
it is claimed can give testimony in the  
case, were sent in by the officers. The  
women held are Maggie Ralston, Lizzie  
Roberts, Mable Howard and Lizzie  
Rogers. Wesley Grove and John Lee  
were also held as witnesses in the case.

After a brief investigation Chief  
Sheridan ordered the arrest of Friener  
and the police department set out to  
locate the man. He was found at his  
home in the South End and was ar-  
rested by Captain Bell. Officers Hager,  
McClure and Jamison.

In police court Tuesday morning the  
man was charged in an affidavit with  
shooting with intent to kill. He retain-

the man entered a plea of not guilty to  
the charge. The hearing was set for

## MAN ACCUSED OF MURDER.

GEORGE COPELAND,

Young Mt. Vernon negro who was taken out of Mt. Vernon to Columbus jail Monday to avoid a lynching. Copeland is accused of murdering Miss Miranda Bricker at Mt. Vernon. Bloodhounds directed officers to his home.

## MURDERED WOMAN BURIED

Special Grand Jury To Investigate---Copeland May Be  
Taken Back To Mt. Vernon Tomorrow---Trousers  
and Cap To Figure In Case In Knox  
County Court.

Mt. Vernon, O., April 25.—The in-  
terial of Miss Miranda Bricker, who  
was assaulted and murdered here Sat-  
urday night, took place this morning.  
Services were held at 9 o'clock today  
at St. Vincent church and were strictly  
private.

Judge Coyner announces that a spe-  
cial grand jury will be impealed to  
investigate the Bricker murder. The  
matter of fixing the time was left to  
Prosecutor Stillwell.

George Copeland, the young negro,  
to whose house the bloodhounds led  
the officers yesterday morning, may  
be brought back from Columbus to  
Mt. Vernon, Wednesday, for prelimi-  
nary hearing if the authorities con-  
clude that there is sufficient evidence  
in warranting them with proceeding  
against him. Copeland's folks have  
visited an attorney, but made no ar-  
rangements to employ him to fight the  
case.

Detective Woodward returned to  
Dayton, Monday afternoon, taking his  
bloodhounds with him. He stated that  
the dogs never worked better than on  
Sunday night and he feels certain that  
the right man is under arrest. It is  
said that the smallest of the three  
dogs has traced 57 men that have been  
convicted of crimes of various sorts.

A pair of black trousers now in the  
possession of Sheriff Shellenbarger,  
which, it is said, Copeland wore Satur-  
day night, show three or four marks on  
the front of one leg near the part cov-  
ering the thigh. These marks appear to  
have been made with a knife blade in  
the process of scraping something  
from the cloth. Prosecutor Stillwell  
states that no charge will be filed un-  
til after the inquest is completed and  
the result made known.

by one of the men who grabbed him.  
He attempted to get away, but was  
held and he drew his revolver. He  
stated that the first shot he fired into  
the ground to frighten the men, but  
this did not accomplish the desired pur-  
pose. He then turned the weapon up-  
ward and pulled the trigger.

### Osborn's Condition.

The bullet which found lodging in  
Osborn's vitals, entered several inches  
below the navel. It took a downward  
course and as far as could be learned,  
none of the intestines were perforated.  
At the hospital the surgeons searched  
in vain for the ball. It is thought that  
it has lodged in the muscles of the  
groin. The man's condition is very dan-  
gerous, but the wound is not necessarily  
fatal.

Thomas Osborn, the injured man, is  
a son of W. H. Osborn, a grocer living  
at the corner of Fourth and Channell  
streets. He is about 27 years old and  
has been married, but his wife died a  
month or so ago. He is a tinner by oc-  
cupation.

A telephone message from the  
city hospital at 11 o'clock Tuesday af-  
ternoon stated that Osborn's condition  
was very favorable. His heart action  
was good and although he was suffer-  
ing some pain, his condition is very  
satisfactory.

## AMNESTY

Is To Be Granted Political  
and Religious Prisoners  
In Russia.

St. Petersburg, April 25.—Your cor-  
respondent is informed on good au-  
thority today that amnesty to all po-  
litical and religious prisoners will be  
proclaimed shortly. The government  
has decided to proceed by peaceful  
methods in the future rather than by  
an exhibition of force. There is a  
promise of quietude here for some  
time to come. Numerous arrests have  
paralyzed the terrorists and the lead-  
ers are lacking to direct the agitation.

### Christian and Clark Fall.

New York, April 25.—The specu-  
lation of Christian and Clarke was an-  
nounced on board his battleship Maine  
was caused by an explosion of gases.  
Three men were injured.

## JAP SHIP

Damaged, Towed By  
Man-of-War

Some Sort of Battle Has  
Been Fought In East.

### RUSSIANS ALSO SUFFERED

Fleets In Chinese Waters  
Make It Probable Other  
Conflicts Will Soon  
Occur.

Tsingtau, April 25.—(Bulletin)—The  
German cruiser Sperber reports having  
sighted on April 22 in the Straits of  
Formosa a Japanese man of war tow-  
ing another vessel badly damaged.

### BATTLE HAS BEEN FOUGHT.

London, April 25.—The reports from  
Tsingtau today made by the German  
cruiser Sperber that she had sighted a  
Japanese man-of-war in Formosa  
straits towing another warship which  
was disabled is regarded here as the  
confirmation of the theory that a naval  
battle of some sort has already been  
fought in the far East.

The heavy cannonading reported by  
several vessels on Saturday night after  
the Russian fleet left Kamranh bay  
can be understood after the news of  
the disabled Japanese vessel. That  
the Japanese suffered to extent of at  
least this one ship seems certain. That  
Rojestvensky also suffered is regarded  
as certain today from the fact that he  
made straight for the island of Hainan, after  
the fight, probably to repair the dam-  
age. No details of the appearance of  
the Russian fleet on its arrival at Hai-  
nan have arrived. Naval experts be-  
lieve that the damaged Japanese ship  
is probably one of Togo's scouts which  
encountered the Russians as they left  
their resting place in Kamranh bay.

It is doubtful, however, whether any-  
thing like a general battle was fought.  
The fact that both fleets seem to be  
remaining in Chinese waters makes it  
probable that other battles will occur  
in the near future.

### JAPS ARE WATCHFUL.

Shanghai, April 25.—The northern  
waters of the Sea of Japan, the Tsu-  
gami straits and Laperouz straits are il-  
luminated every night by the search  
lights of the Japanese torpedo boats,  
whose object is to prevent the passage  
of ships of the Vladivostok squadron.

Blockade running to Vladivostok has  
ceased, owing to the vigilance of the  
Japanese.

The Japanese fleet is now probably  
to the south of Formosa awaiting Ro-  
jestvensky. Japanese spies are show-  
ing extraordinary vigilance along the  
entire Chinese coast.

## RUSSIA'S NEW NAVY

Charles Schwab, the Steel King Makes  
a Big Impression in Czar's Cap-  
ital, St. Petersburg.

St. Petersburg, April 25.—Charles  
M. Schwab seems to be making a big  
impression here. His reputation as a  
steel expert preceded him and he is  
being shown much attention. Grand  
Duke Alexis, high admiral, has dis-  
cussed with him for several hours  
matters relating to Russia's ambitious  
naval program, which, as tentatively  
elaborated by the technical commit-  
tee, involves the expenditure of \$350,-  
000,000 during a period of 19 years.  
Mr Schwab has also conferred with  
Admiral Doushassoff, head of the  
technical committee; Admiral Avel-  
lan, chief of the admiralty; Admiral  
Wironius, chief of staff, and other  
prominent naval officials. The result  
of the present war has convinced Rus-  
sia that sea power is vital, and every-  
where Mr Schwab has encountered  
nothing but a firm intention to build  
up the navy to a size commensurate  
with Russia's aspirations for the  
future.

### THREE MEN INJURED.

Yonkers, N. Y., April 25.—The ac-  
cident on board his battleship Maine  
reported in these dispatches yesterday,  
was caused by an explosion of gases.  
Three men were injured.

## SHE THREW A PIE

But This Incident Did Not Impress the Chicago Court—Blackened His Wife's Eye.

Chicago, April 25.—"She struck me with a pie she baked."

"He gave me a black eye."

"She has such a temper that when enraged she let the canary bird fly away, because she knew I thought so much of it."

"He does not provide properly for my support."

"I give her my pay envelope unopened, with \$9 I earn in it, each week."

But Magistrate Moore, in Central police court did not believe Robert G. Porterfield to be the model husband he claimed to be, and favored the wife's version of the domestic troubles.

The pie incident was considered unimportant, because it was shown that the missile inflicted no injury, so Porterfield was held in \$300 bail to keep the peace. Later he promised to be good and was set free. The pair live at 1426 Ridge avenue.

## TEACHERS' MEETING

Much Favorable Comment Heard on the Excellence of Last Saturday's Program at High School.

Much favorable comment has been made on the excellence of the program given by the Licking County Teachers' Association last Saturday. The practical talks by different educators were extremely helpful and the literary numbers by Mr. Bookman, Miss Wallace and Miss Sutherland of Columbus were of a high order of excellence.

Mr. Bookman's sketch of Edgar Allen Poe was well illustrated by the speaker. Miss Wallace presented Tolstoi in the light of his principles as well as biographically and evinced an extremely clear grasp of the subject. It was a misfortune that more of the Shakespearean students of Newark were not present to hear Miss Sutherland's masterly presentation of Shakespeare as a poet and dramatist. A woman of rare intellect, broad principles, extensive reading, and withal a native humor, Miss Sutherland gives to any subject a comprehensive view and an analytical thought. As a special student of Shakespeare, her work has been most exhaustive and her address was a brilliant characterization of the master of poetry and the drama.

## ODD FELLOWS

Eighty-Sixth Anniversary of Its Institution in America Will Occur Friday, April 26.

Odd Fellows' lodges' throughout United States are taking preliminary steps toward a proper observance of the 86th anniversary of the instituting of the order in America, which occurred at Baltimore, April 26th, 1819. It started with five members and is now one of the strongest numerically in the world. The total membership in this country includes 1,200,000 men, and in its Rebekah lodges, the feminine attachment, about 300,000 women, thus reaching or affecting 1,500,000 people.

April 26 is recalled each year with especial interest. It is worthy of attention by the general public, who may or may not be aware of the impulses for the good of humanity, care of the widow and orphan, the suffering or destitute brother, set in motion at Baltimore nearly a century ago. These are now animating a mighty organization of a million and a half, both men and women, who, scattered across the continent, assemble in lodges at frequent intervals, hand upon the heels of churches and schools in the work for a material as well as a spiritual uplifting of mankind.

## STATE CONVENTION

On Sunday, April 30, the Knights will attend solemn high mass in St. Mary's church, when Rev. Father O'Connell, pastor St. Francis de Sales church in Toledo, and one of the most gifted orators in this diocese, will deliver the sermon. Sunday afternoon a convention class of 75 candidates will be initiated, and in the evening a banquet will be served in the Turner hall. The convention proper occurs Monday and Tuesday and will conclude with an elaborate reception and ball.

## THIRTY YEARS

The Wabash Councilman Voted, Although He Was Not a Citizen. Finally Secured Papers.

Wabash, Ind., April 25.—William Green, councilman from the First ward, took out naturalization papers yesterday. The councilman came from Ireland, and though he has been a resident of Wabash for 30 years, or more, and has voted regularly, never procured his final papers. The suggestion was inadvertently dropped by him several days ago that he was not a full-fledged citizen, and as it was feared he might be disqualified to sit in council he was urged to take out the papers, which he did. He is a Civil War veteran and has lived in the United States 50 years.

## Opening Day, Thursday, April 27th

Hundreds of people have visited AMHERST during the past few days. A large number have already selected their lots, while the remainder—one and all—are coming back on Opening Day. If you can't visit AMHERST before Thursday, be sure you do so on that day. An opportunity of a life time is before you—it is for you to decide to accept it or not.

### Remember the Liberal Terms.

We charge no interest for one year, then only 6 per cent on the unpaid balance. We pay all taxes until you receive your deed. In event of your death, and provided your payments have never been more than 30 days in arrears, your heirs receive a deed for your lot without paying us another cent.

### Improvements.

The best of cement sidewalks—5 feet wide—are being constructed on E. Main street. An excellent gravel walk is down on both sides of all other streets. Every street has been cut to a standard grade under the supervision of an engineer, insuring perfect drainage. We are planting over 300 shade trees on the different streets. Any tree that may die we guarantee to replace. Add to all these improvements the fact that the entire addition is underlain with sand and gravel, and you will readily see why AMHERST is "Newark's Best Suburb."

Take East Main Street Cars—the conductor knows where to leave you off. We refund your round-trip fare—whether you buy or not.

### FOR EVERY CENT

Spent In Advocate Want Ad.  
**Mr. Frank Smith Got One Reply.**

Some people who never use the want column of a live newspaper wonder if advertising really pays; they don't stop to think if it didn't pay, the people would soon stop advertising. Once a person uses the Advocate want columns whether it be to sell a house, rent a barn, get a cook, recover a lost ring or find a wife, he always comes again, unless it be that he finds one wife enough.

The other day Mr. Frank M. Smith of this city, announced through the Advocate that he had a house for rent. Did it pay? Mr. Smith will tell you himself that for every cent the advertisement cost him he had one application. The three line notice cost 25 cents and within two days exactly 25 people applied to him for the house. Three lines, three times, 25 cents. Try a quarter's worth and be convinced.

### SMALL CAP

**FASTENED IN HEDGE FENCE AT FAIRCHILD HOME.**

One of the Strongest Bits of Evidence Against Copeland, Young Mt. Vernon Negro.

Chief of Police L. J. Dermody of Mt. Vernon, was in Newark Tuesday afternoon, en route to Columbus, having in custody a Mr. Vernon prisoner for the Columbus work house. To the Advocate Chief Dermody stated that he was satisfied that George Copeland is guilty of the crime with which he is charged.

One of the strongest pieces of evidence against the man is the small cap which was found fastened in the hedge fence which surrounds the Fairchild home. The circumstances would indicate that the owner had attempted to go through the fence and the cap was pulled from his head by the bushes.

The officials at Mt. Vernon claim that they have several persons who are willing to swear that Copeland was seen wearing this cap last week. The excitement continues intense at the scene of the crime and it is possible that a special grand jury will be called to make an investigation in this case in order to dispose of it as soon as possible.

Mr. Schindel himself wrote the paper that was handed to Harry J. Hoover and he said that his purpose in handing it to him was to acknowledge receipt of the \$100 and at the same time show that the sum of \$100 was due Hoover from the Gillett campaign fund; that the paper was a receipt and not a due bill.

Attorney Frederick M. Black said Tuesday that he preferred to have the case tried in the court rather than in the newspapers and for that reason he declined to discuss the matter.

## ANNOUNCEMENTS

On Thursday, April 27, The Advocate will begin the announcement of names of candidates for county offices to be nominated by the Licking county Democracy at the party's coming primary elections. Announcement fee, \$2.

Along with the report of the discovery of a plot against his life, in which some of his bodyguard are implicated, the Czar is said to have despairingly inquired for someone he could trust. If the tale is true he ought to be able to supply a proper answer provided he has studied history and human nature. There have been monarchs who did not need any bodyguard, and all of whose subjects acted in that capacity. His chief enemy, the Mikado of Japan, is not sitting in daily fear of his life, because he is the idol of his people. If the Czar wants to be really secure he should try the experiment of trusting all his people, and he should start in by inspiring their confidence in him. Let him make it clear that he has their vital interests at heart, that he believes they are human beings, possessed of the same feelings and rights as himself, and he will find no difficulty in discovering a multitude he can trust.

The conjunction of the Russian Easter season and May day causes the gravest apprehension in the realms of the Czar. For while May day has been generally signalized by the eruption of the discontented, the Easter season singularly enough is always seized upon by the anti-Jewish fanatics as a period for persecution of the sons of Israel. The old cry that the Jews crucified Christ is of course the shibboleth of the persecutors, who are oblivious to the fact that the Savior was himself a Jew, and that his execution was ordered and conducted by Romans. The fears of a Jewish massacre and of a general uprising of the people of Russia within the next few days indicates the unhappy condition of affairs in that country, and ought to open the eyes of the Czar to the necessity for the granting of great reforms which would result in the enlightenment of the people.

## SQUANDERED

On the Pretty Actress Were the Millions Stolen by Minister From Famine Funds.

Berlin, April 25.—A private dispatch from St. Petersburg tells of the arrest of former Minister of Finance Alexander at Weretzsky as the result of the confessions of a repentant variety address. Some years ago, while he was minister of finance, Weretzsky was given several million roubles with which to buy grain for the starving peasants, but squandered nearly half a million on the actress.

In her confession the actress said that she always believed that the minister, who showered her with diamonds, had bought them with his own money.

and that she had only lately heard, with his own lips, that the money was pilfered from the famine funds.  
At that time she did not think very much of the whole affair, but having seen the misery among the peasants she was seized with remorse, and her confessor advised her to inform the Czar of the thefts. This she has now done, declaring that she was willing to take whatever punishment she may deserve.

## GOOD ADVICE TO SICK WOMEN

Mrs. George A. Hess Has Had Sufficient Experience to Give Advice.

"Just let me tell you what Rexall Mucu-Tone did for me," writes Mrs. Hess of 96 Brown Place, Jersey City, N. J., to Frank D. Hall.  
"For five years I had been growing more and more feeble. I was weak, run down and nervous; suffered with pain in my back and side constantly, and was unable to obtain any relief whatever. It seemed as if my cup of trouble was already full when I was overtaken by catarrhal bronchitis and for five weeks was confined to my bed.  
"Nothing seemed to help me, and I was in deepest despair when a neighbor advised me to try Mucu-Tone. From the first dose I experienced relief. I succeeded in breaking up the attack completely within twenty-four hours and at the end of a week I felt like a new woman. Today I am in perfect health; something I have not known for years. I therefore feel safe in advising all women who are nervous and broken down to buy a bottle of Rexall Mucu-Tone and take it as directed."

"Mrs. Hess' letter literally describes the ailments that many people in our own community are suffering from," said Mr. Frank D. Hall. "If you have these symptoms it means that some part of your system has been attacked by catarrh. One after another the organs become deranged, the liver and kidneys are no longer able to purify the blood, and the heart becomes affected; sleeplessness, melancholia and despair follow. You grow weak and haggard, have pains in the back, under the shoulder blades, and bearing down pains in the lower abdomen. You have probably thought that you are merely run down and need a tonic.

"Yes, you are run down, you do need a tonic, but you need more than a tonic, you need a remedy that will clean the mucous membranes. Rexall Mucu-Tone does that. No matter how slight your weakness or depression you need Mucu-Tone. No matter how bad your catarrh, Mucu-Tone will quickly cure it.  
"Our confidence in Rexall Mucu-Tone is based on the knowledge of what this remedy has done in thousands of cases. We know it will benefit you. It doesn't you come to our store and we will refund you the purchase price. We are putting out trial bottles on this guarantee at 50 cents," Frank D. Hall.

## POLITICAL TRAGEDY

Congressman Pinckney and Other Prominent Men Shot Dead at Hempstead, Tex.

Hempstead, Tex., April 25.—A terrible shooting affray occurred at a mass meeting here, three prominent men being killed. The meeting had been called for the purpose of petitioning the governor to send rangers to enforce the local option-law. J. N. Brown, a leading lawyer and a staunch anti-prohibitionist, began shooting, which soon became general. The dead: J. N. Brown, Congressman John M. Pinckney, Tom Pinckney, brother of the congressman, John Mills, a leading prohibitionist. It is feared, can not survive. Doc Tompkins, private secretary to Congressman Pinckney, and Rolling Brown, son of J. N. Brown, are badly wounded. There has been bitter feeling for several years over the prohibition question, and the recent election, when the "antis" failed to gain the victory they had expected, added to this. The whole county has been divided into factions as a result. Recently Tucker Pinckney, a brother of John M. Pinckney, was shot to death by negroes.  
J. E. Mills died later of the wounds he received. He was a farmer, who had long been prominent in the affairs of the county, but who had only recently removed to the town.

The Prince of Wales on his coming visit to India is to give no present and receive none. When his father was Prince of Wales and visited India he gave presents worth \$200,000 and received presents worth \$2,500,000.

## AMUSEMENTS

### ISLE OF SPICE.

There is a pretty little girl in the "Isle of Spice" company, who assumes the part of the prima donna of the organization, which will be on view here in a few days, who is a natural born animal trainer. Ever since she has been old enough to walk, she has exercised a most peculiar influence over dumb animals. Although she has never essayed to tame animals for the edification of the public she could, without doubt, win fame and fortune should she ever desire to turn her talents in this direction. Miss Alice Yorke is the name of this remarkable young lady. While the "Isle of Spice" was in the middle of its long run in Boston last summer, Forepaugh & Sells' circus visited the Hub. James DeWolfe, the agent of the circus, had been boasting about the courage of the animal trainers, and a friend suggested that there was a woman in the "Isle of Spice" company who possessed the necessary courage to tame animals. Finally a wager was made that Miss Yorke could not make one of the big show elephants obey her commands.

The head elephant man of the show selected the biggest elephant from the herd and took him back of the dressing tent. Here he was turned over to Miss York. Without the slightest sign of nervousness the plucky little lady took the trainer's stick and walked up to the huge beast. For a moment she stood before him. Then she raised one hand, and slowly the huge beast sank back upon his haunches. There was another moment's pause and then Miss York raised the stick and the great beast sat up with his trunk high in the air. The most astonishing part of the whole performance was that Miss York uttered not a single word of command or suggestion. Her eyes alone did the trick.

The "Isle of Spice" will be at the Auditorium one night, Wednesday, May 2.

### RINGLING BROS.' EXCURSIONS.

Special excursion rates on all lines of travel have been arranged for by the management of Ringling Brothers' World's Greatest Shows, and those who wish to go to Zanesville where this great circus exhibits on Thursday, May 4, can do so at very little expense. This will be the only point in this vicinity where the show will exhibit this season, and no one should miss the opportunity to witness it. Ringling Brothers' circus has been the leading arena exhibition of America for years, but the show has never been permitted to rest upon its reputation. Although it long ago passed the point of competition, every season sees a greater and grander show. This year's performance is entirely new, and entails the combined efforts of 375 wonderful artists, acrobatic and aerial line, together with fifty famous clowns and hundreds of lesser lights. Six hundred and fifty horses are used and a marvelous trained animal department is presented. The circus this season is greatly enlarged by the spectacular production of the Field of the Cloth of Gold, a pantomimic presentation of the well known and beautiful historical meeting between the young Kings of England and France. The vast menagerie has among hundreds of features the only living pair of giraffes, the first baby elephant successfully bred and reared in America, and the only rhinoceros in captivity. There is a gorgeous revival of the Roman hippodrome races, and many other stupendous features in this great circus. Circus day opens with a brilliant street parade, three miles in length. Don't fail to see it.

## "DEAR BOY,

Come Home," Wired Evans' Parents and He Will Return After a Ten Years' Absence.

Evansville, Ind., April 25.—Strange indeed was the story told by Harry Evans of New Orleans, to Adjutant White of the Salvation Army. Evans' parents, H. E. and Mrs. Evans, reside in New Orleans. According to his story, he left home 10 years ago. He was in school, and one day missed his examination and was unable to be promoted along with the rest of his class, and was so humiliated that he left home, being afraid to meet his parents. Since then he has been a wanderer, and has been in most of the states of the Union. He was given shelter Sunday night by Adjutant White, and to him told his story yesterday.

His parents were notified their son was here, and they wired him as follows:  
"Dear boy, come home."  
Evans took the first train for New Orleans this morning.

### Lima Township Petition.

A petition from a number of tax payers of Lima township was presented to the County Commissioners at their meeting on Monday asking for the improvement of the road beginning at the old Columbus road, Lima township and leading south and east to Pataskala, by macadamizing or graveling, according to an act passed by the General Assembly of the State of Ohio on April 18, 1904. The Commissioners will pass on the petition, and all similar petitions will be reported to the State Road Commissioner by January 1, 1906, when he will pass on them. Under the above section the State pays 25 per cent of the cost of improving the road, the county 50 per cent and the township 25 per cent. Fifteen per cent of the township's 25 per cent is assessed back on the property benefited.

**New Niagara in South America.**  
Last week there returned from South America to New Orleans a party of explorers, says the Philadelphia Ledger, which included scientists from different institutions. With a score of natives they visited the Rio Leon territory, near the equator, and penetrated a part never before seen by white men. Among the discoveries was a wonderful cascade which rivals that of the Yosemite in height and Niagara in volume. It is crescent in form and has eight cataracts, divided from each other by islands smaller than those at Niagara. It is thought to be only a question of a few years when these islands will be swept away and leave one vast cataract.

The affidavits were filed before Mayor Crilly Monday afternoon and charge Jacob Reeb with selling to S. H. Frambees. Charles Osborn, a bartender for a saloonist named McPherson, also sold to Frambees, it is charged. Bruff Wilkins is charged with selling to R. H. Garrett.

Reeb and McPherson, Osborn's employer, have both been arrested before, on a charge of violating the Hebron law governing the sale of intoxicants.

### WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send for a sample to The Herpicide Co., Detroit, Mich.

### TWO MORE WEEKS

Commissioner Garfield Will Remain in West—He is Now Enroute to California.

Washington, April 25.—James R. Garfield, commissioner of corporations, who is making a personal investigation of the operations of the oil industry, is not expected to return to Washington for at least two weeks.

He has concluded his work in the Kansas, Missouri and Indian Territory fields, and is now en route to California to continue his inquiries.

It is expected he will return to this city by way of Texas, stopping in that state long enough to gather data from that field. No estimate of the nature of his findings is obtainable here.

## LOOT OF ATHENS COUNTY MONEY

MAY REACH THREE TIMES THE SUM FIRST MADE PUBLIC BY OFFICIALS.

Al Graham's Tactics Were Employed and Official Eyes Are Now Turned in One Direction.

Columbus, O., April 25.—Israel M. Foster, prosecuting attorney of Athens county, called upon the Commissioners of the State Bureau of Uniform Accounting, relative to the reported shortage in the treasury of this county. He did not care to discuss matters, and denied having any knowledge of who is the guilty official. He is anxiously waiting the completion of the report, which is now in the hands of the examiner. He stated, however, that if he found who the person is who got the money, he will do all in his power to send him to the penitentiary.

After Mr. Foster's departure from the city the rumor became prevalent that the shortage of the county treasurer's accounts would amount to a sum triple that first given when the defalcation became public. It is now said that it will reach \$60,000, and some place it even higher. According to intelligence from Athens county the plan to loot the treasury was similar to that employed by the notorious Al Graham, auditor of Warren county, who some 15 years ago cleaned out the strong box to the very last cent and then got away with the advance school drafts. He got his stealing through the medium of false vouchers, which he covered up in the county's books, over which he had sole control.

Suspicion points very strongly to a court house attaché who served in another office than the treasury during the terms of Treasurers Elmer G. Biddison and W. G. Hickman, it being generally agreed that the money disappeared during that period. That both of these officials were completely deceived through overtrustfulness is conceded.

The announcement comes from Athens that Mr. Hickman, who lives at Nelsonville, is preparing to make good any shortage that may have occurred while he was in office, declaring that his bondsmen shall not suffer. Nothing can be done in the way of prosecution until the report of the State Auditor is transmitted to the proper authorities in Athens county.

The delinquent treasurers will be called upon to cover the deficiency and then the machinery of the law will be invoked. It is expected that the report of the examiners to State Auditor Guilbert will be made public some time this week.

## TESTIMONY

Of Witnesses Who Are Employed by Beef Packers is Being Heard by Jurors at Chicago Today.

Chicago, April 25.—The federal grand jury which is investigating the business transactions of the beef industry completed its examination, for a time, into the operations of the Aetna Trading company, and the remaining witnesses subpoenaed to tell what they knew of this concern were excused. Today the jurors took up the testimony of witnesses who are employed by the packers. One of the most important of these witnesses will be Mrs. Mary E. Marcey, author and stenographer, who was subpoenaed from Kansas City. She will, it is said, produce documentary evidence which she secured while gathering material to write stories concerning the packing industry. Mrs. Marcey was in conference with District Attorney Morrison and other federal officials and will be one of the first witnesses called to testify. Mrs. Marcey was formerly employed as a stenographer by one of the packing concerns in Kansas City.

## NOW PENNILESS IS EDWIN POWELL

FORMER PARTNER OF CARNEGIE IS EVICTED AND WIFE IS IN POORHOUSE.

Old Man a Mental and Physical Wreck—Years Ago He Was Very Wealthy.

New York, April 25.—Edwin Powell, formerly Andrew Carnegie's partner, has been evicted from his home, Halcyon Park, at Cornwall-on-the-Hudson. The old man, whose wife is in the poorhouse, is himself penniless and a mental and physical wreck. He was taken before a justice of the peace and given two hours to leave the town of Cornwall.

The tragedy of Powell's life, pitiful as it is, has moved few people here to sympathy. This is purely and simply because of the objectionable nature of his vagaries.

Last Friday he was evicted from Halcyon Park on proceedings brought by a millionaire of Pittsburg named Winters, who has long held a mortgage on it. He has been living under a strip of canvas outside of the grounds since, but yesterday Cornwall decided to get rid of him for good and all.

Many years ago Powell was one of the suddenly made millionaires of Pittsburg. He was in partnership with Andrew Carnegie, and soon rolled up an enormous fortune. In 1890 he married Mrs. Isabelle Sargent, a widow, and member of one of the well known families.

Shortly after his marriage to Mrs. Sargent he failed in business, but was able to buy the magnificent estate at Cornwall, on which he is said to have spent \$150,000.

About a year ago Powell announced himself to Cornwall as the new Joseph. He said the world was to be regenerated with a new Christ who was to be born of a virgin wife. He produced the "virgin" in Margaret Cobb, a pretty young girl of 18, who had some times gone to work for the Powells.

Powell raved about the coming son, but the child, born to the Cobb girl last August, was a girl.

Powell was arrested yesterday on a charge of vagrancy, but the arrival of his son saved him from going to jail.

## EQUITABLE SUIT

PROCEEDINGS ARE INSTITUTED IN UNITED STATES COURT.

Receiver and Accounting Asked—Maryland Policyholder Fathers Action at New York.

New York, April 25.—Receivership proceedings were instituted against the Equitable Life Assurance society by J. Wilcox Brown of Maryland, a policyholder. In the United States circuit court here he filed an action against the society asking for the appointment of a receiver of the surplus fund; an accounting for the benefit of himself and other policyholders that may join him in the proceedings; and an injunction to prevent the society holding the surplus. Brown alleges that the society's officials have disregarded their trust and have not paid his proportion of the net surplus. His counsel have issued a statement saying that the huge surplus of the society is not legally retained from the policyholders nor lawfully used by the society, and that the profits due the policyholders, except the 7 per cent dividends, is now attempted to be swept aside by the stockholders' claims.

Two other phases of the Equitable controversy were in court, Justice Morgan, in the supreme court, reserved decision in the case of Herbert G. Tull, a policyholder, who applied for an injunction restraining the society's officers from taking any further proceedings to obtain an amended charter for the society. Mr. Tull's counsel attacked the proposed charter as a "blind" which really gave the policyholders nothing.

Counsel for Vice President Hyde of the society and Franklin B. Lord, a policyholder, appeared before Justice Madox in the supreme court at Brooklyn to oppose a petition by President Alexander to strike out certain references to Mr. Alexander from the petition in which Mr. Hyde intervened in Mr. Lord's injunction proceedings against the proposed modification plan. There was no hearing, however, as the court had not yet received the Alexander petition.

Delaware, O., April 25.—A reputation for remarkable nerve has been won by Miss Bernice Baker of Bryan, O., an Ohio Wesleyan senior.

Miss Baker presided at senior rhetoricals in the lecture room, attended by the 125 members of the senior class. During an oration a mouse appeared on the platform.

Trainmen found him shivering in a cattle car which furnished little protection from the snow, and from his incoherent talk they inferred that he was demented. The police are trying to communicate with his relatives, but have heard nothing so far. Beal says he cannot recollect how or when he left home and seemed much surprised when he learned he was west of the Mississippi river. At present he is at a hotel under surveillance.

### ROLLED DOWN BANK

Ambrose Laiger, Postmaster in Fairfield County Fatally Hurt When Buggy Upset.

Lancaster, O., April 25.—Ambrose Laiger, postmaster of the village of Hamburg, which is located three miles from this city, is lying unconscious at his home, and it is believed that he will die of injuries received in this city Sunday afternoon. The little girl was driving when they started for home, and in some way the lines became crossed as the horse approached the Hocking river bridge. The buggy was upset, throwing the occupants down a ten-foot embankment, where they lay for 15 minutes before they were discovered.

When Mr. Laiger was carried to a doctor's office it was found that he was suffering from a broken leg and severe injuries about the head and breast. He was unconscious, and as soon as his hurts had been attended to he was conveyed, still senseless, to his home, in an ambulance. His death is hourly expected. The little girl was somewhat scratched and bruised.

### NEW FRUIT

Of Pleasing Flavor Grown By Wizard of Flora and Fruit Culture.

San Francisco, April 25.—Luther Burbank, the wizard of floral and fruit culture, has recently added largely to his laurels. He has not only produced a carnation which changes its color three times in the first three days of its blooming, becoming alternately pure white, pink and a deep red, but has also produced an entirely new fruit which he calls "plumcot." This delicacy, which is the result of long-continued experimenting in southern California, is a cross between the apricot and the plum.

In color and form the plumcot resembles the apricot, which may be regarded as its father, but the fleshy substance of the fruit is of varying tints, running in different specimens from yellow to pure white. The pit resembles neither that of the plum nor the apricot. It is much smaller than either. The flavor of the plumcot is absolutely unique and remarkably pleasing.
